

Letter from the President
November 2008

Dear FSUS Families,

Since November is the traditional time to appreciate our blessings, let me take this opportunity to say thank you to everyone who has joined FSUS PTSA this year and who has given their time to support our activities.

A huge thank you goes to our faculty! This is a record year for teacher memberships. Another huge thank you to our FSUS families! We had more participation from middle and high school families for our fall fundraiser than ever before. A huge thank you to our Executive Board for all their time, effort and planning! A huge thank you to our hard-working Committee Chairs!

New committees like Family Fun Nights have held Spirit Nights at Beef O'Brady's and Chick-Fil-A and are planning some great new events. Our Recycling Committee has distributed new containers on campus and is working with existing recycling efforts to make our campus more environmentally aware and responsible. Our Reading Programs Committee is back and working on a new Reading Challenge for the elementary kids. Our Health & Safety Committee is working hard on the school gardens and on rescheduling the Bike Rodeo. We are also looking forward to our developing Room Parents program.

Our volunteers are the best and whether they are distributing fundraising products or tending to our school garden they are worth their weight in gold! I know many of you are hoping for an opportunity to volunteer. November will provide many chances from helping collect food for the Second Harvest to working at the Thanksgiving Luncheon.

Please know that you are an important member of the FSUS PTSA team supporting our students, teachers, staff and administrators.

We're all in this together!.

Kasey Chapin
PTSA President
